PAPERLESS WATER BILL STATEMENT AND PAYMENT OPTIONS: Many of you are choosing a paperless option which helps the district reduce costs, save time, resources, and helps reduce CO2 emissions, so thank you! If you haven't made this very simple, yet impactful change yet, please email nwdmanager@nehalem.tel.net and request to be added to paperless billing.

CALL 8-1-1 BEFORE YOU DIG: Even for things as seemingly minor as putting in a mailbox or installing a realty sign, call before you dig. Plan your project 3 or more days in advance to allow for all utilities to be located before starting any excavation project. Utility companies only locate within the public right of way (ROW). They will not locate and mark utilities on private property.
